

Intensive Lactation Management

Dates & Locations

May 16-20, 2005 - Yakima
July 18-22, 2005 - SeaTac
Aug 15-19, 2005 - Spokane

This program is for local staff who want basic preparation for becoming a board certified lactation consultant. Registration preference will be given to staff who are not currently board certified.

This course will enable participants to provide accurate, current and consistent information about breastfeeding to expectant and new families.

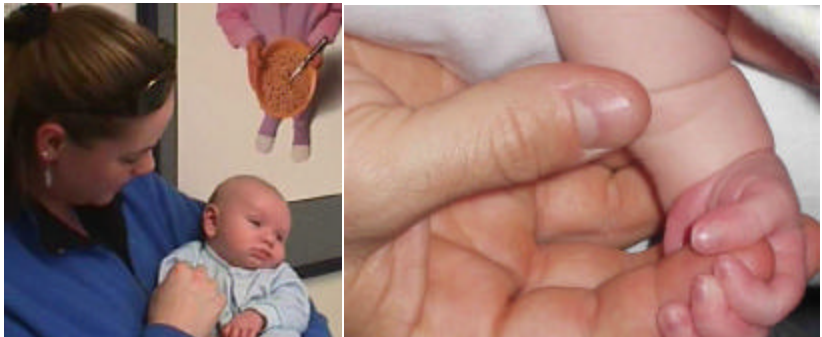

CPE's available for RD's
and IBCLC's

***All areas of the
International Board of
Lactation Consultant
Examiners exam grid
are included.***
